7TH

**INTERNATIONAL
CONFERENCE
ON PARTIAL LEAST
SQUARES
& RELATED METHODS**

ADVANCING THE
THEORETICAL AND
APPLIED FRONTIERS

MODELING FOR
BUSINESS, ENGINEERS,
AND LIFE SCIENCES

The 7th International Conference on Partial Least Squares and Related Methods (PLS 2012) will be held in Houston, Texas from May 19-22, 2012.

This will be the first time the conference is hosted in the United States. The theme, "Advancing the Theoretical and Applied Frontiers," is concerned with both theory and exemplars in practice for areas as diverse as business, engineering, and the life sciences.

This conference is a unique opportunity for outstanding experts and practitioners in PLS methods from all over the world to meet and discuss mutual interests. During the four-day meeting, our global attendees from different applied domains will share their state-of-art understanding and advances in the use of PLS methods.
